Tools & Technologies: Workiva, BlackLine, SAP, Cadency, Power Automate, Power Query, Python, Power BI, Chat GPT, Claude, Microsoft Copilot, Copilot Studio, Advanced Excel, VBA, Excel Macros, AI and Agents

PROFESSIONAL EXPERIENCE

PricewaterhouseCoopers Service Delivery Center Pvt. Ltd. (PwC) | Associate 2 - Financial Reporting & Fund Accounting | July 2022 - Present

- Prepare **US GAAP** fund financial statements and related disclosures in **Workiva**, including source-data review, disclosure checks and resolution of reporting comments.
- Support **Record-to-Report (R2R)**, month-end and quarter-end close activities, financial statement flux analysis, accrual support and account reconciliations using **BlackLine**.
- Designed and implemented a **Power Automate** workflow to streamline financial statement preparation and review tracking, handoffs and follow-ups, saving approximately **10 hours per month**.
- Developed a **Power Query** solution to clean and transform client-package data ahead of **Workiva** updates, reducing manual preparation effort and improving reporting-data consistency.
- Built a **Python-based web application** that converts client holdings reports into Statements of Investments (SOI), saving approximately **48 hours per month**.
- Developed a **Microsoft Copilot/Copilot Studio** process-query agent to centralize workflow guidance and improve access to answers for recurring reporting-process questions.
- Coordinate with US client stakeholders and cross-border review teams to resolve reconciling items, reporting queries and disclosure-related issues within financial close timelines.

Genpact India Pvt. Ltd. | Process Developer - Financial Reporting | March 2020 - July 2022

- Prepared financial statements and disclosures under **US GAAP** and **IFRS** for global financial reporting processes.
- Supported variance analysis, planning activities and monthly/quarterly financial reporting using **SAP**.
- Managed journal entries and month-end reconciliations in **Cadency**, maintaining documentation and reporting accuracy.
- Improved reconciliation accuracy by **15%** through automation, process standardization and exception follow-up.
- Supported audit activities and resolved queries in coordination with statutory auditors and finance stakeholders.

Benchmark Professional Services Pvt. Ltd. | Team Lead - Accounting, Compliance & Statutory Reporting | October 2018 - March 2020

- Led accounting, statutory reporting and compliance activities, including ROC filings, team coordination and timely client delivery.
- Finalized annual financial statements and handled GST registrations, returns and supporting compliance documentation.

Lookad India Pvt. Ltd. | Accounts Executive | June 2018 - October 2018

- Performed invoice processing, invoice quality control, debtor reconciliations, finalization of accounts, and TDS reconciliation.

Bengal Speech and Hearing Pvt. Ltd. | Accounts Executive | January 2018 - May 2018

- Recorded day-to-day transactions in Tally.ERP, processed invoices, performed GST reconciliations, and supported internal audits across multiple branches in India.

K.S. Biswas & Co. | Articled Assistant | January 2015 - January 2018

- Performed statutory audits, internal audits, financial statement preparation, and statutory liability calculations including TDS and GST for clients across sectors.

PROJECT PORTFOLIO

Power BI Financial Reporting Analytics

- Developed interactive **Power BI** dashboards to analyze financial reporting data, highlight key variances, and present financial metrics through clear visualizations.
